

Role Description

Home Care Registered Nurse

Organisation	Elouera Home Support Queensland
Location	Queensland
Employment Type	Casual
Award	Nurses Award
Reports To	Care Coordinator / Management
Direct Reports	Nil
Role Function	Community Clinical Nursing & Complex Care
Date of Approval	February 2026
Organisation website	www.elouerahomesupport.com.au

Primary purpose of the role

Provide safe, ethical and evidence-based nursing care to clients within their own homes across Queensland. The Home Care Registered Nurse delivers advanced clinical assessment, care planning and complex nursing interventions while working autonomously in community environments.

The role promotes independence, dignity, safety and informed choice for every client and ensures care delivery aligns with AHPRA standards, the Nursing and Midwifery Board of Australia (NMBA) Code of Conduct, the Aged Care Quality Standards, the NDIS Practice Standards and all relevant legislative and regulatory requirements.

Key accountabilities

What	Key accountabilities
Clinical Assessment & Care Planning	<ul style="list-style-type: none"> Conduct comprehensive nursing assessments including physical, psychosocial and environmental risk assessments within client homes. Develop, implement, review and evaluate individualised care plans in collaboration with clients, families, and relevant health professionals. Monitor chronic and acute health conditions, identify early signs of deterioration, and escalate concerns appropriately.
Complex Clinical Care	<ul style="list-style-type: none"> Provide advanced nursing care including wound management, catheter care, continence management, PEG feeding support (where applicable), medication administration and chronic disease management.

Clinical Documentation & Reporting

- Undertake medication reviews, reconciliation and safe administration in accordance with NSW and QLD legislative requirements.
- Ensure clinical interventions are delivered within scope of practice and professional standards.
- Maintain accurate, objective and timely clinical documentation within approved electronic care management systems.
- Ensure documentation complies with privacy legislation and record-keeping standards.
- Participate in incident reporting, risk management and quality improvement processes.
- Identify safeguarding concerns and mandatory reporting obligations and respond in accordance with NSW and QLD legislation.

Communication & Coordination

- Liaise effectively with GPs, hospitals, allied health professionals, case managers and families to ensure coordinated and integrated care.
- Provide clinical guidance and oversight to Home Care Employees (Support Workers) within scope of practice and organisational policies.
- Promote independence, dignity, informed choice and culturally respectful care in all service delivery.

Compliance & Safety

- Maintain safe work practices in home environments including manual handling risk assessment and infection control procedures.
- Ensure compliance with AHPRA registration standards, NMBA Code of Conduct and relevant state-based health regulations.
- Participate in ongoing professional development and mandatory training to maintain clinical currency.

Key challenges

- Delivering complex clinical care across diverse and unpredictable home environments.
- Working autonomously while maintaining regulatory compliance and professional accountability.
- Managing clinical risk and early deterioration in community-based settings.
- Coordinating multidisciplinary care while maintaining clear documentation and communication.

Mandatory requirements

Requirements
Eligibility to work in Australia
Current AHPRA registration as a Registered Nurse with no restrictions
Current National Police Check or NDIS Worker Screening Clearance
Current First Aid and CPR Certificate
Blue Card
Valid driver's licence and access to a reliable, comprehensively insured vehicle.
Evidence of required vaccinations (as applicable)

Availability & flexibility requirements

- Availability to work minimum 2-hour services.
- Flexibility to work varying shift lengths including evenings, weekends and overnight shifts where required.
- Ability to travel between client homes across allocated service areas.
